INDEX OF ABSTRACTS OF TUBERCULOSIS

Abscess, lung, Acute, complicated by massive collapse of lungs, 38
Accidents, industrial, Blastomycosis in, 43
Achard, C. Pott's disease in adults, 118
Acid-fast bacilli, Growth-inhibiting effect of chaulmoogra oil on, 86
—— ——, —— —— ——, organic compounds on, 87
Action of tuberculotoxins on thyroid gland, 82
—— —— war gases on respiratory tract and respiration, 73
Acute lung abscess complicated by massive collapse of lungs, 38
—— pneumonic tuberculosis, Artificial pneumothrax in, 15
Adenitis, cervical, Tuberculous, 109
Adenopathy, tuberculous, Mediastinal, in adults, 112
Adhesions, pleural, Cauterization of, 19
Administration of calcium and parathyroid to tuberculous guinea pigs, 5
Adults, Mediastinal tuberculous adenopathy in, 112
——, Mild generalized tuberculosis of, 79
——, Pott's disease in, 118
Adventitious sounds in healed lung tuberculosis, 93
After-care of tuberculosis patients, 46
Akimoto, C. Ohtani test in tuberculosis, 32
Albee operation, Results of, 119
Albumen reaction of sputum in diagnosis of pulmonary tuberculosis, 105
Alcohol, Effect of, on inspired bacteria, 87
Alexander, J. Surgery of pulmonary tuberculosis, 6
Alkalysol and parmetol, Disinfection of sputum with, 35
Allergic irritability, 89
Allergy due to dead tubercle bacilli, 90
Allison, N. Tuberculosis of knee, 119
Alterthum, L. Red-cell sedimentation test in pulmonary tuberculosis, 104
Amberson, J. B., Jr. Pleural annular shadows, 79
Ambulant cases, Tuberculin treatment of, 24
Amrein, O. Climate of Arosa, 28
Analysis, Chemical, of tubercle bacilli, 87
Anaphylaxis and tuberculin reaction, 89
Andvord, K. F. Decline of tuberculosis in Norwegian town, 48
Animals, Tuberculosis in man and, 77
——, —— of, 71
Annular shadows, Pleural, 79
"Antioxygenes" and treatment of tuberculosis, 4
Antituberculosis serotherapy in man, 25
Aoyama, K. Prophylactic inoculation against tuberculosis in guinea pigs, 35
——, ——. Relation of side affected to prognosis of pulmonary tuberculosis, 32
——, ——., Ohbawa, J., and Arima, R. New vaccine of defatted bacilli for tuberculosis, 25
Apical pulmonary tuberculosis of children, Primary, 68
Apparatus for disinfection of tuberculous sputum, 47
—— —— homogenization of tuberculous sputum, 105
Arima, R., Aoyama, K., and Ohbawa, J. New vaccine of defatted bacilli for tuberculosis, 25
Armand-Delille, P. Chemical analysis of tubercle bacilli, 87
Armand-Delille, P. F. Artificial pneumothorax in tuberculous children, 70
——, ——. ——., and Moncrieff, A. Use of lipoidol in diagnosis of bronchiectasis, 38
Arosa, Climate of, 28
Arthritis, tuberculous and pyogenic, Differentiation of, 116
Artificial light baths, 21
Artificial pneumothorax, 13, 14
—— —— and phrenicotomy, 13

Artificial pneumothorax, Cryptoscope in, 19
—— —— in acute pneumatic tuberculosis, 15
—— —— —— tuberculosis with diabetes and hyperthyroidism, 19
—— —— —— tuberculous children, 70
—— ——, Indications and contraindications for, 15
—— ——, Mediastinal hernia in, 18
—— ——, pleural exudates from, Treatment of, 19
—— ——, Prognostic criteria for, 15
—— ——, Relative value of manometric readings and radiology in, 16
Asbestos dust, Lung fibrosis from, 41
Aspects of childhood tuberculosis, Roentgenographic, 68
—— —— pulmonary tuberculosis in childhood, Clinical, 66
Asphyxiating war gases, 72
Associated infection, Tuberculous meningitis with, 69
—— infections in pulmonary tuberculosis, 80, 81, 82
—— —— —— surgical tuberculosis, 82
Association of tubercle bacilli and pneumococci in fatal pneumonia, 82
Asthma and tuberculin treatment, 24
Atelectasis as sign of bronchial obstruction, 36
Atypical tubercle bacilli, 84
Auscultatory percussion, 93
Austrian, C. R. Observations on children admitted to tuberculosis dispensary, 64
Auto-urine reaction, Wildbolz, 102
Avian tubercle bacilli, Transmission of, through eggs, 58

Bacillemia, tuberculous, and meningitis, Erythema nodosum with, 70
Bacilli, acid-fast, Growth-inhibiting effect of chaulmoogra oil on, 86
——, ——, —— —— —— organic compounds on, 87
Bacilli, dead, Infection and reinfection by, in rabbits, 91
——, defatted, New vaccine of, for tuberculosis, 25
——, saprophytic, Treatment of childhood tuberculosis with, 70
Bacilli, tubercle, Association of, and pneumococci in fatal pneumonia, 82
Bacilli, tubercle, Atypical, 84
——, ——, avian, Transmission of, through eggs, 58
——, ——, bacteriolysis of, Lipoidal, 88
——, ——, Characteristics of, 82, 83
——, ——, Chemical analysis of, 87
——, ——, Cultivation of, from spinal fluid, 86
——, ——, —— —— —— sputum, 106
——, ——, dead, Allergy due to, 90
——, ——, ——, Skin hypersensitiveness with, 90
——, ——, Defatting, 88
——, ——, human and bovine, differentiation between, New method of, 107
——, ——, in duodenal fluid, 106
——, ——, —— feces, 107
——, ——, —— urine and feces in pulmonary tuberculosis, 107
——, ——, Staining of, 105
——, ——, —— ——, with fat stains, 106
——, ——, Transmutation of, 85
Bacillus, tubercle, lipoids of, Rôle of, 87
Bacteria, inspired, Effect of alcohol on, 87
Bacteriolysis of tubercle bacilli, Lipoidal, 88
Balance, water, Kidney function and, in pulmonary tuberculosis, 76
Ballin. Exogenous reinfection in tuberculosis, 57
Balthazard. Tuberculous osteoarthritis following trauma, 115
